## Summary

Creative, detail-oriented, software engineer with a deep interest in personal growth. Proven track record of creating and implementing successful web applications in the local 417 area. Looking to bring my skills to a tech company with global reach.

## Experience

Volunteer / Co-Organizer

10/2022 - Current

Open SGF - Local Non-Profit Tech Organization

Springfield, MO

<https://www.opensgf.org/>

- Contributed to a wide variety of community based projects.
- Used git protocols for open source software development to maintain code bases.
- Developed standards for leadership and conflict resolution.
- Communicated with other tech groups and sponsors.
- Managed Discord and social media accounts.

Freelance Web Developer

01/2024 - Present

<https://hammonthomas.com>

- Created and maintained websites for a variety of purposes.
- Managed communications of product vision, functionality requirements, cost, and production deadlines with clients.
- Participated in review and revision meetings to make sure product met expectations.

## Projects

Eagle Heights Academy

<https://eagleheightsacademy.org/>

- Website made for a private christian school, Eagle Heights Academy.
- Increased customer interaction/visibility to the website by rebuilding the entire site with a highly professional design and email contact forms.
- Prioritized the stakeholder's need for fast development, deployment, and access by using WordPress.

Personal Website

<https://hammonthomas.com>

- Created my personal website using React, HTML, JS, and CSS.
- Followed professional Figma design to exact specifications.
- <https://github.com/Motter360/personal-website>

Elevate Event Planning

- Collaborated with a team by designing and creating website utilizing WordPress for a local client.
- This freelance project ensured client satisfaction by facilitating regular meetings to ensure product vision, capabilities, and product deadlines were met appropriately.

## Additional Work Experiance

Vinyard Market

6/2024 - Current

Waiter / Bartender

1759 W State Hwy J, Ozark, MO 65721

- Communicated effectively with other members of the crew and management to work around shortcomings of circumstance to ensure customer satisfaction.
- Provided service of several steps to multiple tables simultaneously on a nightly basis, keeping track of which step of service each table was on independently and prioritizing the most important to provide seamless and quality service.
